EC070 – IT Recruitment Consultant

- CBD location
- Values driven
- Collaborative team

An ASX listed company with a success built upon a solid history of being a leading global boutique recruitment business that are known as experts in their field. The core principals of honesty, integrity and delivery are what drives this company. They have a few opportunities available in the Brisbane CBD due to movement of current employees.

IT Infrastructure desk – warm desk currently billing and Business Intelligence – desk is ready to split. Due to growth, this desk is too big for one consultant. They are looking at splitting this desk which covers BI, PM's, Testers etc.

The team is highly regarded by businesses and candidates throughout the IT recruitment sector. This is a collaborative team environment where they assist each other in achieving the client and corporate goals.

If you join this business you will be focused on your strengths and not governed by kpi's. You will be supported by management who will invest in your professional development and ensure your salary and OTE are in line with your efforts. You must have a demonstrated ability in sourcing talent and engaging in long term business relationships.
